EQUIPMENT**

SECTION A-6 SPECIALIZED EQUIPMENT

The school board's plan must describe how the board determines whether a student requires individualized equipment, such as assistive technology, and how the board allocates its budget for equipment including the criteria used for purchasing individualized equipment.

In 2010-2011, the Ministry of Education outlined a new SEA procedure for school boards in Ontario. The Renfrew County Catholic District School Board developed an internal system in order to accommodate this new SEA process.

In 2012-2013 the SEA Assistive Technology platform was expanded to include tablet technology. The last two years have been dedicated to the trial and research of various apps. Our understanding of tablet technology has increased.

During 2015-2016, we continue to refine on Board's SEA process. We made some of the process electronic in order to streamline our filing system as the file flows through the different Board departments. We are also exploring how we can integrate Google Education Training into the SEA Training Process.

In 2016-2017, we incorporated a third platform in to the SEA process – Chromebooks. This will assist us in using our Assistive Technology apps/extensions to be integrated within the GAFE (Google Apps for Education).

In the 2017-2018 school year, we continued our work to build capacity with the Chromebook and Google Apps for Education (GAFE) platforms. We expanded the group of SEA trainers so that every school site across the system has an 'in-house' SEA trainer, which results in faster access to support for both students and staff. As well, we continued to add to the repertoire of GAFE extensions available to students with the purchase of the Snapverter extension. Snapverter™ quickly transforms classroom papers, images, and eBooks into accessible, "Google Drive-friendly" files. Snapverter is an add-on for Google Read & Write that converts printed documents and inaccessible digital files into readable PDF files for easy sharing and reading

RENFREW COUNTY CATHOLIC DISTRICT SCHOOL BOARD

2017-2018 SEA EQUIPMENT PURCHASED

SEA EQUIPMENT PURCHASED	NUMBER
Adjustable height table - Intellect Wave	4
170Ma Powered Rechargeable Battery	1
Activity Tunnel	2
Angelina 12 pairs kids breathable crew socks	12
Assorted Batteries	12
Aura LED Projector	2
Ball stabilizing ring	4
Bangles Chewy Bracelets	1
Barnyard buzzers	1
